From

H. J. BHABHA, ESQ.,
Secretary to the Govt. of Mysore,
Education Department.

To

The Chief Secretary to the Dewan
of Mysore.

SIR,

With reference to your Docket No 3950 / Esc 962 dated 27th August 1893, I have the honour to submit a Memorandum stating my views on Mr C. Subba Rao's Offer of a sum of Rs 10,000 for the purpose of granting from the interest scholarships to students who have passed the Pandits' Examination in Sanskrit, to enable them to study for the University Examinations

I have the honour to be,
Sir,
Your most obedient Servant,

H J Bhabha
Secretary.

&c.,

Education Secretary's Memorandum on

Mr. C. Subba Rao's offer of Rs 10,000 to Government for the purpose of founding scholarships to enable Sanskrit students who have passed the Pandits' Examination to acquire an English education and something of Western Culture.

Dated 2 October 1893.

Mr Subba Rao's offer is indicative of a growing conviction among educated men that mere Sanskrit learning without a liberal education is unproductive of any results whether in Sanskrit scholarship, archaeology, historical and antiquarian researches or in matters of social and religious reform. So far there is reason to rejoice that a growing discontent has arisen with the fruitlessness of purely Sanskrit learning on the indigenous methods. To make the indigenous learning more useful and fertile of results it has more than once been proposed to draft Sanskrit students after they have passed High Sanskrit examinations into English High Schools and Colleges, so that by acquiring a liberal education and by imbibing something of the spirit of western culture they may be able to turn to account the mass of traditional learning acquired in purely Sanskrit institutions

according to the indigenous methods. These proposals appear to me to be based on an exaggerated estimate of the importance of purely traditional knowledge of Sanskrit and to ignore the great disadvantages of postponing a liberal education till the mind has been filled with much inaccurate and grossly unscientific knowledge which has to be unlearnt, and till the mind has been exhausted by the endless toil of committing to memory a large number of imperfectly understood verses, expressions and words, not to speak of disquisitions of a stereotyped character. The chief faculties exercised by the learning of Sanskrit on the indigenous methods are memory and an unquestioning faith, but reason and the critical faculties are scarcely ever cultivated. Into the education of a purely Sanskrit scholar the modern spirit of questioning and of unrest never enters. Everything he reads carries an artificial authority that stifles all inquiry, and his mind is not equipped either with the keen faculties of a cultivated intellect or with the knowledge of modern science or the liberal culture that comes from the study of the literatures of the Western nations. Under these circumstances

if English education is to be postponed till a student passes the highest Sanskrit examination, it appears to me that such education must come too late when it can scarcely overcome the deep-rooted prejudices or develope the warped and onesided intellect in a manner to fit it for original research. The total failure of all Sanskrit and oriental Colleges in India whether at Poona, Benares, Lahore, Muddea or Calcutta to produce enlightened men who could throw a flood of light on ancient literature, history, philosophy or religion, and enable modern society to advance on lines of reform which should not abruptly depart from ancient modes of thought is to me a proof if any were needed of the futility of imparting a narrow and one-sided education. What India wants at the present day are many-sided men, men of wide culture who have been deeply read in the masterpieces of Western thought, and who can bring a keen and well equipped intellect to the study of their own ancient shastras. It is men like Bhandarkar, Teka

Apte that can reconcile the thought of the West with that of the East, and that by their deep knowledge of both the Western and the Eastern literatures, are well able to perceive the beauties and note the defects of Eastern thought. For these reasons I should infinitely prefer that the combination of Western and Eastern learning which men like Mr Subba Rao desire to see in the same scholars should be brought about by enabling the best graduates of our University to devote a few years after completing their University course to the study of Sanskrit literature and philosophy. I should like to see founded one or two handsome scholarships varying from Rs 30 to Rs 50 a month to enable graduates who have passed the B.A. Degree Examination in English and Sanskrit in the First Class to pass the M.A. Degree Examination in Sanskrit with credit. Mr Subba Rao prefers however to establish scholarships for men trained in Sanskrit alone so that they may acquire English High School or College education. Any help to my mind which would liberalise the education of the Sanskrit student is welcome

I consider however the intended help to be a very partial and imperfect remedy of the great disadvantages under which sanskrit students at present labour.

2. The interest on Rs 10,000 which Mr Subba Rao offers is Rs 500 per annum at 5 per cent, or Rs 41 per month. I would establish four scholarships payable to those who have passed the Pandits' Examination of H.H. the Maharaja's Sanskrit College.

One scholarship tenable in the B.A. classes of the monthly value of ——— Rs 15

One scholarship tenable in the F.A. classes of the monthly value of ——— Rs 12

One scholarship tenable in the High School classes of the monthly value of ——— Rs 8

One scholarship tenable in the Middle classes of the monthly value of ——— Rs 6

Total Rs 41.

The scholarships should be redistributed every year in the month of January by the Trustees. When there are no applicants for the higher scholarships, the number of lower scholarships may be increased at the discretion of the Trustees.

I would keep a separate account of the interest realised, and add to the amount of interest the savings of previous years. The savings of previous years may thus be utilised for additional scholarships. I would not add the savings to the capital as Mr Subba Rao proposes in rule 11. If a scholar has given fair satisfaction by his progress and conduct during one year of tenure his scholarship should as a rule be continued in the following year, so that his course of studies may not be interrupted. The other rules proposed by Mr Subba Rao appear to me to be unobjectionable.

I have the honor to state that as I consider that granting scholarships in Mysore for encouraging the study of English and thereby the study of Modern Literature, Science and Religion by men who are already proficients in Sanskrit would afford a useful stimulus to the cultivation of the ancient literature and to the development of good taste and refinement in this Province, I beg to offer to His Highness the Maharaja's Government a sum of Rs. (10,000) ten thousand. I shall feel much obliged if you will be kind enough to accept this sum to be paid in two instalments and order the same to be deposited in the said Government Treasury at 5 per cent interest in the name of the charity, and that its interest be applied to the carrying out of the above object as per rules of which a rough draft is hereunder annexed.

Letter No. 855/24, dated 26th July 1901, from the Inspector Genl. of Education in Mysore, requesting sanction to the addition to Mr. C. Subba Rao's Scholarship Fund of a sum of Rs 750/- out of the unexpended balance of interest on the Fund.

———"———

The facts of the case are as follows:—

1. In August 1892, the Government in the Muzrai Deptt issued* certain Rules authorizing the payment of an annual interest of 5 per cent on moneys deposited in Govt Treasuries on behalf of Benevolent, Charitable or Educational Institutions or objects.

* Pro. No. 492-500/22, dated 9th August 1892, a printed copy of which is put up.

(5)

2. On the 6th July 1893, Mr. C. Subba Rao, Retired Deputy Commissioner of Mysore, wrote to Sri K. Sheshadri Iyer, K.C.S.I., the late Dewan, offering to pay in two instalments a sum of Rs 10,000/-, to be for deposit in the Govt Treasury bearing interest at 5 per cent (being the favorable rate of interest above alluded to) for the purpose of founding scholarships to the Hindus of Mysore and Southern India, who were proficients in Sanskrit, wishing to study English and go up for any of the University Examinations - the interest on the amount thus invested amounted to Rs 500/- per annum or Rs 41. 10. 8 per mensem, with which the donor proposed to pay for 3 scholarships* to be founded by him, and the annual/surplus - expended balance of the interest

* One at Rs 8 per mensem (or Rs 10 if the scholar is a proficient in any special Shastra such as Tarka, Vyakarana or Vedanta) to a scholar studying for the Matriculation

One at Rs 12 a month for a matriculate for the F.A. Examination.

One at Rs 15 a month for an F.A. studying B.A. Degree Examination.

Rs 350 or Rs 371. per mensem the same to be granted to a new scholar on the occurrence of a vacancy.

left after the sets payment for the above, to be added on to the principal Fund. He also submitted for the approval of Govt. Draft Rules for the due administration of the Fund, and the award of scholarships.

3. Mr. J. R. A. Thumboo the then Off.g Dewan, ordered that this liberal Offer be accepted, and the amount paid into the Treasury, and that a copy of the Draft Rules forwarded to the Educational Secretary to Govt for opinion and report. The acceptance of the Offer was also communicated to Mr. Subba Rao and the Comptroller.

-X- Nos. 3951 / G 963 & 3952 / G 964, dated 27th August 1893.

4. Mr. Subba Rao then represented to Govt on the 18th September 1893, that he could not pay up the whole amount in two instalments as originally promised, as the order accepting

his Offer was received by him late in the month of ~~July~~ August 1893, and requested that instructions might be issued to the Comptroller to receive the amount instead, in 4 months from November '93 to February '94 in such amounts as he would pay. The Comptroller was instructed accordingly. Mr. Subba Rao fulfilled his promise by paying the full amount by 3 instalments of Rs 3000/- each and one of Rs 1000/- within the prescribed time.

5. Meanwhile, the report called for from the Education ~~Secretary~~ Secretary arrived on the 2nd October 1893; and the same was submitted along with the connected papers to the late Dewan. The Govt thereupon passed their Pro: No. 12217–22 / 9-7-53-93, dated 27th January 1894, reiterating their acceptance of the Offer and

approving in toto of the Draft Rules prepared by Mr. Subba Rao with the reservation that the donor might propose for the orders of Govt. any modifications of them which he might consider desirable; and it also approved of the formation of ~~a committee~~ the following gentlemen into a Board of Trustees to carry out the object of this charitable foundation in the most effective manner possible, so as to fully carry out the highly laudable object which the donor had in view:—

(1) Mr. C. Subba Rao, the donor
(2) The Dharmadhikaries or other Pandits managing the Mysore Sanskrit college—
(3) The Munzar Superintendent
(4) The Education Secretary.
(5) The Principal of the Maharajah's English College, Mysore.

Later on, in April 1894, Mr. Venkataramana Sastri, B.A., Superintendent of the Mysore Sanskrit College was also appointed a

Member of the Board. The Govt.
Order of the 27th January 1894 above
referred to was also communicated
to the Murzai Superintendent.

6. In November 1895, the
Inspector General of Education
made a reference to Govt in the
General and Revenue departments
recommending the grant of the
donor's request to have the sum
of Rs 400/- out of the accumulated
savings ~~of interest~~ of Rs 501-15-1,
standing to the credit of the scholarship
fund on the 18th October 1895,
as interest, after the
scholarships had been paid, be
added on to the principal deposit
of Rs 10,000/- under Rule 11 of
the Draft Rules which runs as
follows:-

x x x x The Annual savings, if any,
"to be added to the principal."

7. Some time previous to the
receipt of this communication from
the Inspector General of Education,

another Order had been issued by Govt in the Murzai Department directing that "no new deposits, on account of charities, bearing interest at 5 per cent will be received by Govt during the minority of H. H. the Maharaja" though the addition of the unexpended balance of the interest on the Scholarship Fund to the original deposit was permissible under the approved Draft Rules, yet such a step involved the payment of the favorable rate of interest, viz 5 per cent, on such newly added ~~sc~~ amounts also, and was therefore not in keeping with the Govt order of the 14th March 1895, referred to above. The proposal of ~~reference from~~ the Inspector Genl was however sanctioned; but the same was not communicated ~~to the Secretariat~~ to the Murzai Department.

* Pro: No. C-16-24; dated 4th March 1895, a printed copy of which is put up herewith

No. 6984-6/ED 189, dy 16/12/95.

8. And now another communication (ref.ᵈ to in the beginning of this note) X no. 855, D/26th July 1901
has been received in the Genl & Revenue Department from the Insp.ʳ Genl, requesting that a further sum of Rs 750/- out of the unexpended balance of interest remaining at the credit of the Scholarship Fund on the 30th June 1901, may also be similarly added on to the Principal deposit at the same rate of interest viz 5 per cent. This reference has been transferred to the Muzrai department for disposal. Orders are solicited as to whether, in the light of the later Govt. Order of the 14th March 1895, temporarily suspending the payment of the enhanced rate of 5 per cent, the present request or the recommendation of the Inspector General may be sanctioned.

Deputy Secretary's Remarks.

I. Considering that Govt. have already in their Order No. 12217-22 / G.7.63-93 of the 27th January 1894, approved of the addition to the principal of the savings accruing from time to time from the Charity, and considering that one such addition of Rs 400/- was sanctioned in Proceedings No. 6984-6 / ED 189, dated 16th December 1895, I think that the present proposal to add another sum of Rs 750/- to the principal at the favorable rate of 5 per cent may be sanctioned, notwithstanding the terms of Govt Pro. No. C 16-24, dated 4th March 1895. to the effect that no new deposits on account of charities bearing interest at 5 per cent will be received during the minority of His Highness the Maharaja.

(10)

10. This opportunity may be taken to get some information as to how the Charity has been administered and what results have been achieved till now, how many meetings have been held and how many scholarships have been awarded, where, and so on. It appears that 3 scholarships connected with this Charity (one of Rs 12/- and 2 of Rs 10/-) are held in the Maharaja's College, Mysore. It would be interesting to know who these students are, what high proficiency Examinations they passed in Sanskrit and whether they had any previous English Education so as to enable them to get into the English matriculation and F.A. classes and to become eligible to draw the scholarships in question. This and similar information may now be obtained from the

Inspector General of Education for the information of Govt.

11. The Board of Trustees is constituted of the members named in para 5 above. The Muzrai Superintendent, who was one of the members, having retired, the Deputy Secretary in charge of the Muzrai department may be appointed a member. Mr. Venkataramana Sastri formerly Superintendent of the Mysore Sanskrit College, and now doing duty in the Bangalore Sanskrit College, is, I find, a member of the Subba Rao Charity Fund. I think his name may be removed from the Board, as he is no longer connected with the Mysore Sanskrit College.

12. It is not known who is now the Secretary to the Board of Trustees, or who the President these appointments have to be

made. There is no objection whatever to the Inspector General of Education conducting all either as President or as Secretary, the affairs of the Fund, but references to Govt should, I think, be made to the Nizam's Department, so that that Department may deal with all Charitable Institutions of this kind.

I intend at the same time, with the Dewan's permission, obtaining from the Comptroller a statement showing all the deposits received from private individuals at the favorable rate of interest of 5 per cent interest, and seeing how & by whom each Charity is managed and with what results.

SIR,

I have the honour to state that under Government Order No. 12217-22/G.7.59-93 dated the 27th January 1894, Mr. C. Subba Rao retired Deputy Commissioner deposited with the Government of Mysore a sum of Rs 10,000 on which interest at 5 per cent per annum is allowed, for granting Scholarships to proficients in Sanskrit studying English. Rule 11 of the Rules for the management of the Fund approved of by Government in the order cited above provides for the addition of the annual savings to the Principal. A sum of Rs 400 was so added to the principal under sanction of —

Government Order No 6984-6 Ed. 189 dated the 16th December 1895. There was at the end of June 1901 a balance of Rs 981-8-5 out of the interest realised. In his letter dated the 23rd July Mr Subba Rao desires that out of this balance Rs 750 may be added to the principal and the remaining Rs 231-8-5 utilised for payment of the scholarships granted by the Committee. There are now three of these scholarships — one of the value of Rs 12 and two of the value of Rs 10 each — held in the Maharaja's College, Mysore. The balance in hand will suffice for these scholarships till the end of this calendar year when the next instalment of interest will fall due. I request that Government may be pleased to sanction the addition of the amount of Rs 750 to the original deposit as requested by Mr Subba Rao.

6. The institution of these scholarships has given a new impetus to the pursuit of Sanskrit studies. Several young Sanskrit students have been stimulated to complete their Sanskrit course all the sooner that they might begin their English studies as soon as possible with the aid of these scholarships, and in one instance a student who had given up his Sanskrit for English studies reverted to the former with a view to complete the Vidvat course in Sahitya and thereby to qualify himself for one of these scholarships. These scholarships have been the sole means of livelihood for the several young Pandits so long as they pursued their English studies. Such of the scholars as began their English studies rather late in life, having to maintain whole families with this slender means, gave up their English studies as soon as they secured appointments fetching higher emoluments. But the younger scholars have pursued their English studies in spite of the many difficulties in the way.

7. Except in the case of Pandit R. who completed his English studies in the time possible, the progress in English studies of these Pandit-students has not been so rapid as one might expect in their case. This is perhaps due to the one-sidedness of their Sanskrit studies, which is in striking contrast with the many-sided character of the matriculation and F.A. courses. This tardiness is at any rate, at least partially, due to the comparatively late age at which they commence English studies, when the faculty for new acquisition, which has been already used up, is not quite so fresh and vigorous. It would accordingly seem even desirable to prescribe, in the case of Sanskrit students aspiring for these scholarships, a separate course of Sanskrit studies more liberal and comprehensive but less exacting than that prescribed for the Sahitya or any other branches of the Vidvat Examinations of the Sanskrit College.

A meeting of this Committee was held today at Mysore at which I attended as a Member. Resolutions were passed on all the points refd to in this letter and they will be soon submitted to Govt. The receipt of those Resolutions will be awaited VL
5/10/03

From

Mr. A. Mahadeva Sastri,
Secretary to the Board of Trustees
of the C. Subba Rao's Scholarship Fund,
Mysore.

To

H. J. Chabbra Esq, M.A,
Inspector General of Education in Mysore,
Bangalore.

Sir,

With reference to your docket No. 10463/2485 dated 10th June 1903 forwarding a copy of the Deputy Secretary's docket No. 2235 dated 27th May 1903, containing some queries relating to the C. Subba Rao's Scholarship Fund, I have the honour to submit as follows:

2. The present members of the Committee for the management of the fund are the following:

1) Mr. A. Mahadeva Sastri (Secretary)
2) Dharmadhikari Sundara Sastri
3) " Seshachar
4) " Kutti Narasimha Sastri
5) " Chakravarti Iyengar

} Pandits managing the Maharajas Sanskrit College, Mysore.

6) Mr. L. Anantasami Rao, appointed in place of Rai Bah. A. Srinivasachar, the late Muzrai Superintendent.
7) Mr. H. J. Chabbra Inspector General of Education in Mysore
8) Mr. J. Weir, Principal Maharajas English College Mysore.
9) Mr. C. Subba Rao, the donor.

3. The vacancy that has been caused on the retirement of the Muzrai Superintendent has been filled up by Govt. in their Proceedings No. 30840 dated 28-8-02 appointing the Deputy Secretary in charge of the Muzrai Department as a member of the Board of Trustees.

Nanmadhi Kario Seshachar and Sundara Sastri, were appointed by H.H. the Maharaja from residence in Mysore except on such important ceremonious occasions as His Highness' birthdays and Dasara, have left the city of Mysore to reside elsewhere and can therefore be considered to have vacated their seats on the Board.

4. The following members attended the five meetings held from 1894 to 1898:

1) Mr. [illegible] Sabha
2) " " Weir
3) " C. Subba Rao
4) " Dimmadhikari Kutti Narasimha Sastri
5) " Sundara Sastri
6) " Seshachar
7) " Chakravarti Iyengar
8) Mr. Venkataramana Sastri or Mr. A. Mahadeva Sastri (Secretary)
9) Rao Sahib K. Srinivasachar?

5. No meetings have been held since 1898, because the only business the Board has had to transact all these years has been to award scholarships in accordance with the prescribed rules; while on such important matters as call for discussion in a meeting of the Committee have cropped up, no doubt, he will if the Board [illegible] as possible. It should [illegible] two or three years, if [illegible] to take a stock of the past [illegible] measures such such [illegible] in securing the [illegible] in those [illegible] to the members [illegible] meetings to be [illegible] the Director General

posal to prescribe, in place of the present Vidwat Examinations of the Maharaja's Sanskrit College, a separate course of studies for students aspiring to study English after attaining a certain standard of proficiency in Sanskrit.

6. Now as to the queries in para 2 of the Deputy Secretary's letter: The F.A. student referred to passed the F.A. of 1902 and is prosecuting his studies for B.A. in the Maharaja's College, Mysore. Of the two matriculation students, one appeared for the examination but failed, though the Principal of the Maharaja's College was sure of his passing; while the other was not sent up for the examination by the Principal. In consideration, however, of their diligent study the Principal recommended continuance of their scholarships for another year, and the Board have accordingly continued their scholarships of Rs. 10 each for another year.

7. There is no rule binding scholarship-holders to complete a certain course of English studies before giving them up. Even if such a rule should exist, it would be hard to enforce it, since a violation thereof should involve among other penalties, a refund of the whole or part of the amount of scholarship drawn already — a thing which cannot be expected of these poor students.

I have the honour &c
